***Continued Examination Under 37 CFR 1.114***

1. A request for continued examination under 37 CFR 1.114 was filed in this application after appeal to the Board of Patent Appeals and Interferences, but prior to a decision on the appeal. Since this application is eligible for continued examination under 37 CFR 1.114 and the fee set forth in 37 CFR 1.17(e) has been timely paid, the appeal has been withdrawn pursuant to 37 CFR 1.114 and prosecution in this application has been reopened pursuant to 37 CFR 1.114. Applicant's submission filed on May 4, 2007, has been entered.

Applicants' submission includes an amendment to claims 1 and 2, and the cancellation of claim 8. No claims have been added.

Claims 1-7 and 9-23 remain pending in this application.

***Election/Restrictions***

2. Claims 1-7, 9, and 10 are directed to an allowable product. Pursuant to the procedures set forth in MPEP § 821.04(B), claims 11-23, directed to the process of making or using an allowable product, previously withdrawn from consideration as a result of a restriction requirement, are hereby rejoined and fully examined for patentability under 37 CFR 1.104.

Because all claims previously withdrawn from consideration under 37 CFR 1.142 have been rejoined, **the restriction requirement as set forth in the Office action mailed on June 27, 2005, is hereby withdrawn.** In view of the withdrawal of the restriction requirement as to the rejoined inventions, applicant(s) are advised that if any

claim presented in a continuation or divisional application is anticipated by, or includes all the limitations of, a claim that is allowable in the present application, such claim may be subject to provisional statutory and/or nonstatutory double patenting rejections over the claims of the instant application. Once the restriction requirement is withdrawn, the provisions of 35 U.S.C. 121 are no longer applicable. See *In re Ziegler*, 443 F.2d 1211, 1215, 170 USPQ 129, 131-32 (CCPA 1971). See also MPEP § 804.01.

Claims 1-7 and 9-23 are under consideration by the Examiner.

***Allowable Subject Matter***

3. Claims 1-7 and 9-23 are allowed.

***Reasons for Allowance***

4. The following is an examiner's statement of reasons for allowance:

The prior art of record, WO 03/050397, does not teach or suggest the claimed coated metal substrate comprising a metal substrate having an alumina-silicate coating adhered thereon, said coating having alumina particles applied thereto, said particles present in an amount of about 0.01 to about 0.5 g/in<sup>2</sup> of the alumina-silicate coating.

The prior art also does not teach or suggest the claimed method for producing the aforementioned coated metal substrate.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably

accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
